

Sports Premium 2019 -2020

Charlton on Otmoor Primary School follows the National Curriculum for PE. A Ellam and Z Wells are responsible for this area of the curriculum and the Sports Premium budget. The focus of this reports is the Sports Premium budget and its impact.

Sports Premium

PE and Sports Premium grant is additional funding provided by the government to improve the quality of physical activity, PE and sport activities schools offer their pupils. Schools are free to choose the best way of using the money provided but must follow the guidance produced by the DFE at <https://www.gov.uk/government/publications/pe-and-sport-premium-conditions-of-grant-2019-to-2020/pe-and-sport-premium-conditions-of-grant-2019-to-2020-local-authorities-and-maintained-schools>

Due to Covid 19 and school closures, Sports Premium balance can be carried over to next academic year, **but should be spent by March 2021**

We must use the funding to make additional and sustainable improvements to the quality of Physical Education, Sport and Physical Activity (PESPA) on offer to pupils.

This means that we should use the premium to:

- develop or add to the PE and sport activities that our school already offers;
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

There are **5 key indicators** that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school;
- the profile of PE and sport is raised across the school as a tool for whole-school improvement;
- increased confidence, knowledge and skills of all staff in teaching PE and sport;
- broader experience of a range of sports and activities offered to all pupils;
- increased participation in competitive sport.

For example, we can use our funding to:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively;
- hire qualified sports coaches to work with teachers to enhance or extend current opportunities;
- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities;
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs;
- enter or run more sports competitions;
- partner with other schools to run sports activities and clubs;
- increase pupils' participation in the [School Games](#);
- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school;
- provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum;

- embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching.

We should not use our funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of our core staffing budgets;
- teach the minimum requirements of the national curriculum - including those specified for swimming.

The National Curriculum aims are for all children:

- To be physically active, working towards a target of 30 minutes activity during and after the school day (excluding general play times)
- To excel in a broad range of activities
- To engage in competition
- To lead healthy lifestyles

2019-2020
